2. INTRODUCTION

- 2.1 The Municipal Council must give priority to the basic needs of the community, promote the social and economical development of the community and ensure that all residents and communities in the municipality have access to at least the minimum level of basic municipal services in terms of Section 152(1)(b) and 153(b) of the Constitution.
- 2.2 Basic services are generally regarded to be access to electricity, access to clean water within a reasonable distance of one's dwelling, basic sanitation, solid waste removal and access to and availability of roads.
- 2.3 The Constitution recognises Local Government as a distinct sphere of Government and as such also entitles Local Government to a share of nationally raised revenue, which will enable it to perform their basic function of providing essential services to the community within their boundaries.
- 2.4 The key purpose of an indigent subsidy policy is to ensure that households with no or lower income are not denied a reasonable service, and on the contrary the Municipality is not financially burdened with non-payment of services. Provided that grants are received and funds are available, the indigent subsidy policy should remain intact.
- 2.5 To achieve the purpose it is important to set a fair threshold level, and then to provide a fair subsidy of tariffs.

- 2.6 The consumer, in order to qualify as an indigent, needs to complete the necessary documentation as required and agree to regulations and restrictions stipulated by Greater Letaba Municipality.

3. PURPOSE OF THE POLICY

- 3.1 The purpose of this policy is to ensure that the subsidy scheme for indigent households forms part of the financial management system of Greater Letaba Municipality and to ensure that the same procedure is followed for each individual case.

4. POLICY PRINCIPLES

- 4.1 It is against the above background that the municipality undertakes to promote the following principles:-
- 4.1.1 To ensure that the portion for free basic services allocated as part of the equitable share received annually will be utilised for the benefit of the poor only and not to subsidise rates and services charges of those who can afford to pay;
- 4.1.2 To link this policy with the municipality's Integrated Development Plan (IDP), Local Economic Development (LED) initiatives and poverty alleviation programmes;
- 4.1.3 To promote an integrated approach to free basic service delivery; and
- 4.1.4 To engage the community in the development and implementation of this policy.

5. POLICY OBJECTIVES

- 5.1 In support of the above principles the objectives of this policy will be to ensure the following: -
- 5.1.1 The provision of basic services to the community in a sustainable manner within the financial and administrative capacity of the Council;
- 5.1.2 The financial sustainability of free basic services through the determination of appropriate tariffs that contribute to such sustainability through cross subsidisation;
- 5.1.3 Establishment of a framework for the identification and management of indigent households including a socio-economic analysis and an exit strategy;
- 5.1.4 The provision of procedures and guidelines for the subsidisation of basic charges and the provision of free basic energy to indigent households;
- 5.1.5 To ensure co-operative governance with other spheres of government; and
- 5.1.6 To enhance the institutional and financial capacity of the municipality to implement the policy.

6. LEGISLATIVE FRAMEWORK

- 6.1 This policy is designed and implemented within the framework of the following legislation: -
- 6.1.1 The Constitution of the RSA, 1996;

- 6.1.2 Local Government Municipal Systems Amendment Act, 2003, Act No 44 of 2003;
- 6.1.3 The Local Government Municipal Finance Management Act 2003, Act no 56 of 2003;
- 6.1.4 The Promotion of Administrative Justice Act, 2000, Act no 3 of 2000;
- 6.1.5 The Promotion of Access to Information Act, 2000, Act no 2 of 2000; and
- 6.1.6 The Local Government Municipal Property Rates Act, 2004, Act no 6 of 2004.

7. TARGETING OF INDIGENT HOUSEHOLDS

7.1 The effective targeting of indigent households and the implementation of this policy will depend largely on the social analysis included in the IDP, the LED initiatives and other poverty relief programmes of the Greater Letaba Municipality. The socio-economic information and performance indicators contained in these documents must form the basis for the targeting of indigent households. Against the background of such socio-economic analysis, the municipality must within its financial and institutional capacity decide which targeting approach or option should be applied.

7.2 The Municipality may apply the following targeting methods:-

Targeting approach	Application
1. Service levels	Lowest service levels normally in informal settlements and rural areas.
2. Property value	Applicable only to registered indigents in respect of subsidised or RDP housing to a value determined in addition to the R15 000 in terms of the Property Rates Act, 2004.
3. Household income	Threshold shall be determined in terms of socio-economic analysis equalling R1 500.00 per month per Indigent person with a maximum of R 3 000 per household or an amount determined by the Council from time to time.
4. Geographical (Zonal) targeting	Specific areas (rural or urban) where households are regarded as poor irrespective of service level.

7.3 For the 2012/2013 financial year the municipality will use household income and service levels as the targeting approach for the registration of indigent consumers.
