Introduction	<p>The development, implementation and monitoring of a Service Delivery and Budget Implementation Plan (SDBIP) is required by the Municipal Finance Management Act (MFMA).</p> <p>In terms of Circular 13 of National Treasury, “the SDBIP gives effect to the Integrated Development Plan (IDP) and budget of the municipality and will be possible if the IDP and budget are fully aligned with each other, as required by the MFMA.”</p> <p>As the budget gives effect to the strategic priorities of the municipality it is important to supplement the budget and the IDP with a management and implementation plan.</p> <p>The SDBIP serves as the commitment by the Municipality, which includes the administration, council and community, whereby the intended objectives and projected achievements are expressed in order to ensure that desired outcomes over the long term are achieved and these are implemented by the administration over the next twelve months.</p> <p>The SDBIP provides the basis for measuring performance in service delivery against quarterly targets and implementing the budget based on monthly projections.</p> <p>Circular 13 of National Treasury further suggests that “the SDBIP provides the vital link between the mayor, council (executive) and the administration, and facilitates the process for holding management accountable for its performance. The SDBIP is a management, implementation and monitoring tool that will assist the mayor, councillors, municipal manager, senior managers and community.”</p> <p>The purpose of the SDBIP is to monitor the execution of the budget, performance of senior management and achievement of the strategic objectives set by council. It enables the municipal manager to monitor the performance of senior managers, the mayor to monitor the performance of the municipal manager, and for the community to monitor the performance of the municipality.</p> <p>In the interests of good governance and better accountability, the SDBIP should therefore determine and be aligned with the performance agreements of the municipal manager and senior managers.</p> <p>The development, implementation and monitoring of a Service Delivery and Budget Implementation Plan (SDBIP) is required by the Municipal Finance Management Act (MFMA).</p> <p>In terms of Circular 13 of National Treasury, “the SDBIP gives effect to the Integrated Development Plan (IDP) and budget of the municipality and will be possible if the IDP and budget are fully aligned with each other, as required by the MFMA.”</p>
Legislation	<p>According to the Municipal Finance Act (MFMA) the definition of a SDBIP is:</p> <p>'service delivery and budget implementation plan' means a detailed plan approved by the mayor of a municipality in terms of section 53 (1) (c) (ii) for implementing the municipality's delivery of municipal services and its annual budget, and which must indicate-</p> <p>(a) projections for each month; (i) revenue to be collected by source; (ii) operational and capital expenditure by vote; (b) service delivery targets and performance indicators for each quarter.</p> <p>Section 53 of the MFMA stipulates that the Mayor should approve the SDBIP within 28 days after the approval of the budget. The Mayor must also ensure that the revenue and expenditure projections for each month and the service delivery targets and performance indicators as set out in the SDBIP are made public within 14 days after their approval.</p> <p>The following National Treasury prescriptions as minimum requirements that must form part of the SDBIP are applicable to the Municipality :</p> <p>(1) Monthly projections of revenue to be collected by source. (2) Monthly projections of expenditure (operating and capital) and revenue for each vote. (3) Quarterly projections of service delivery targets and performance indicators for each vote. (4) Ward information for expenditure and service delivery. (5) Detailed capital works plan broken down per ward for three years.</p> <p>* Section 1 of the MFMA defines a “vote” as: a) One of the main segments into which a budget of a municipality is divided for the appropriation of money for the different departments or functional areas of the municipality; and b) which specifies the total amount that is appropriated for the purposes of the department or functional area concerned.</p>

Section 28 of the Municipal Finance Management Act deals with adjustments budgets. In terms of the Act, an adjustments budget is intended to do the following: Sub-Section 2 a) Must adjust the revenue and expenditure estimates downwards if there is material under-collection of revenue during the current year b) May appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for c) May, within a prescribed framework, authorise unforeseeable and unavoidable expenditure recommended by the mayor of the municipality d) May authorise the utilisation of projected savings in one vote towards spending under another vote e) May authorise the spending of funds that were unspent at the end of the past financial year where the under-spending could not reasonably have been foreseen at the time to include projected roll-overs when the annual budget for the current year was approved by the council f) May correct any errors in the annual budget; and g) May provide for any other expenditure within a prescribed framework.

<p>Vision and Mission</p>	<p>The strategic vision of the organisation sets the long term goal the Municipality wants to achieve. The vision of Greater Letaba Municipality is:</p> <p>"To be the leading municipality in the delivery of quality services for the promotion for socio economic development"</p> <p>The strategic mission speaks about what the purpose of Greater Letaba Municipality is:</p> <p>" To ensure an effective, efficient and economically viable municipality through: • Provision of accountable, transparent and consultative government • Promotion of local economic development and poverty alleviation • Strengthening cooperative governance • Provision of sustainable and affordable services • Ensuring a safe and healthy environment "</p>
<p>Strategy map</p>	<p>The Strategy Map depicts the strategic objectives on how Greater Letaba Municipality will be able to become an outstanding agro-processing and eco-cultural tourism hub while providing sustainable and affordable services to all. These objectives were positioned in terms of the Balanced Scorecard Perspectives being: Learning and Growth; Institutional Processes; Financial results and Community Satisfaction. All operational outputs (projects, initiatives and process) as contained within the SDBIP are aligned to the attainment of one or more of these objectives.</p>

LEGISLATION

Sec 46(1) and (2) of the Local Government : Municipal Systems Act, 32 of 2000 requires municipalities to prepare for each year a performance report reflecting , the performance of the municipality and each service provider during the financial year. The annual performance report must reflect a comparison of performance with the targets set for the year under review and performance in the previous financial year. Sec 121 (2) (c) of the Local Government : Municipal Finance Management Act further states that the annual performance report should form part of the municipal s annual report/. Greater Letaba s 2018/19 Annual Performance Report has been prepared in line with the provisions of the above mentioned Acts.

The approved 2018/19 Approved Service Delivery and Budget Implementation Plan (SDBIP) that was approved by the Mayor, Cllr M.P Matlou in June 2018 captured the performance targets of the municipality for the 2018/19 financial year. The 2018/19 approved SDBIP translated the 2018/19 Intergrated Development Plan s objectives and 2018/19 tabled Budget of the municipality into an implementable quarterly performance monitoring tool that was used to measure the performance of the municipality. The 2018/19 Approved SDBIP was reviewed in February 2019 and council approved the revised SDBIP in March 2019 through a council resolution. the revision of the SDBIP was prompted by the adjustment of the Budget.

The SDBIP serve as a tool that enables both the political and administrative component of the municipality to monitor, evaluate and report municipal performance. The SDBIP enables the municipality to compile quarterly, mid year performance reports and annual performance report.

SERVICE DELIVERY PERFORMANCE SUMMARY FOR 2018/2019 ANNUAL PERFORMANCE REPORT

The table and graph below illustrates service delivery performance of Greater Letaba Municipality against the National Key Performance Areas (NKPAs)

KPA's Performance Indicators	No. of Applicable Indicators	No. of targets achieved	No. of targets not achieved	% Target achieved
Municipal Transformation and Organisational Development	21	17	4	81%
Basic ServiceDelivery	7	6	1	86%
Local Economic Development	5	4	1	80%
Municipal Finance Management Viability	24	18	6	75%
Good Governance and Public Participation (14)	13	12	1	92%
	70	57	13	81%

Overall% 81%				
KPA's Projects	No. of Applicable Indicators	No. of targets achieved	No. of targets not achieved	% Target achieved
Municipal Transformation and Organisational Development	11	11	0	100%

Municipal Finance Management Viability	4	4	0	100%
Good Governance and Public Participation	1	1	0	100%
	69	56	13	81%

Overall% 81%				
KPA's Performance Indicators and Projects	No. of Applicable Indicators including projects	No. of targets achieved	No. of targets not achieved	% Target achieved
Municipal Transformation and Organisational Development	32	28	4	86%
Basic ServiceDelivery	60	46	13	77%
Local Economic Development	5	4	1	80%
Municipal Finance Management Viability	28	22	6	79%
Good Governance and Public Participation	14	13	1	93%
	139	113	25	81%
Overall% 81%				

The **19%** under performance was due to low revenue collection (consumers not paying for services) and FBS budget not fully spent due few consumers registering for indigent relief. Audit committee resolutions not fully implemented. Based on the above assessment. It is therefore recommended that the municipality should implement the Revenue Enhancement Strategy and enforce credit control policy. Continuous consumer education on Indigent relief should be conducted on a quarterly basis.

2018/19 ANNUAL PERFORMANCE REPORT

Approval by the Mayor

Sec 46 of the Annual Performance requires the municipality to prepare an annual report consisting of a performance report reflecting the municipality's and any service provider's performance during the financial year, also in comparison with targets.

Monitoring the implementation of the SDBIP

Progress against the objective set out in the SDBIP monitored and reported on an annual basis as per the approved PMS Policy and Framework

Signature

2018/19 ANNUAL PERFORMANCE REPORT COMPILED AND SIGNED BY:

Dr K.I Sirovha
Municipal Manager
Greater-Letaba Municipality
