1. PURPOSE OF THE POLICY

The purpose and objective of this policy is to set clear guidelines for the control and accounting of external funding received from national or provincial government or any other external party through conditional or unconditional grants received.

The objective of this policy is further to:

- Implement accrual accounting in terms of prevailing accounting standards;
- Apply grants management practice in a consistent manner and in accordance with legal requirements and recognised good practice.

This policy therefore covers for the following financial statement disclosure line items:

- 1.1 Unspent conditional grants and receipts (Statement of financial position)
This is represented funds unspent at the end of the financial year on grants received from national and provincial government or any other external party that can only be spent for the condition for which it was received.
- 1.2 Government grants and subsidies (Statement of financial position)
This represents the funding awarded that was utilised and transferred as revenue source within a specific financial year.

2. BACKGROUND

2.1. Constitutional and legal framework

The South African Constitution requires municipalities to strive, within their financial and administrative capacity, to achieve the following objects:

- Providing democratic and accountable government for local communities;
- Ensuring the provision of services to communities in a sustainable manner;
- Promoting social and economic development;
- Promoting a safe and healthy environment; and
- Encouraging the involvement of communities and community organisations in matters of local government.

The manner in which a municipality manages its grants is central to meeting the above challenges.

2.2. Accounting standards

The Municipal Finance Management Act requires municipalities to comply with the Standards of Generally Recognised Accounting Practice (GRAP), in line with international practice. GRAP 23: Revenue from Non-exchange transactions impacts on the recognition and measurement of grants received within the municipal environment:

2.3. Types of Government Grants the Municipality receive

2.3.1. Unconditional grants/Equitable shares

Grants that are received for no specific purpose and that can be utilised to fund the operations of the Municipality. Acknowledged through the statement of financial performance

2.3.2. Conditional grants

Grants that are received for specific purpose and the spending of the grant are limited to that specific purpose. Examples of conditional grants are the following:

- **Local Government Financial Management Grants (LGFMG)**
To promote and support reforms in financial management by building capacity in municipalities to implement the Municipal Finance Management Act.
- **Municipal System Improvement Grant (MSIG)**
To assist municipalities to perform their functions and stabilise institutional and governance systems as required by Municipal System Act and related legislation.
- **Expanded Public Works Programme (EPWP)**
To incentivise municipalities to expand work creation efforts through the use of labour intensive delivery methods in the following identified focus areas, in compliance with the Expanded Public Works Programme guidelines which inter alia includes road maintenance and the maintenance of buildings, low traffic volume roads and rural roads, other economic and social infrastructure, tourism and cultural industries, sustainable land livelihoods and waste management.
- **Municipal Infrastructure Grant (MIG)**
To provide specific capital finance for eradicating basic municipal infrastructure backlogs for poor households, micro enterprises and social institutions servicing poor communities.
- **Integrated National Electrification Programme Grant (INEP)**
To provide funding for electricity projects. Municipalities and Eskom are responsible for reticulation and distribution of electricity to households, in their licensed supply area and they are both funded by the DoE through the INEP programme.
- **Energy Efficiency and Demand-Side Management Grant**
To fund Municipalities to implement energy efficiency projects, with a focus in public lighting and energy-efficient municipal infrastructure.
- **Disaster Management Relief Grant**
To provide for the immediate release of funds for disaster response subject to compliance with section 2(1)(b) of the Disaster Management Act.

The unspent portion of conditional grants at the end of the financial year is accounted for in the statement of financial position.

3. COMPLIANCE, SPENDING AND CONTROL
